Weathertech canada cyber monday

Would you think that a simple floor mat for your car or truck would cost you, oh, around ten or fifteen dollars? Because of what floor mat is, if not a piece of folding carpet or plastic? And if you're here to check out how much the floor mat costs WeatherTech, it might be a bit surprising to know that they can run up to \$100. Why is WeatherTech so expensive? WeatherTech is a Chicago-based manufacturer of mats and vehicle floor liners. Very expensive mats and floor liners. But you already know that. WeatherTech is a Chicago-based manufacturer of mats and vehicle floor liners. Very expensive mats and floor liners. But you already know that. What you probably don't know is that the company is really dedicated to developing and manufacturing all its products in the United States. WeatherTech products are made of American raw materials, using American machines and skilled hands of American workers. This raises their prices and it greatly improves the quality and qualities of the mat. WeatherTech makes for a truly superior product. Is WeatherTech mats worth the money? Your travel stock mat is basically the cheapest thing your vehicle manufacturer can escape with. The original mat will not give you more than a few years of service and that's if you are careful. Even if your mats hold on, they are hard to clean up and they are constantly shifting. How much does it take to protect the carpet underneath? Not too much at all. So, it makes sense to spend a few extra dollars and invest in high-quality WeatherTech floor mats. This holds especially true if you are driving with crowded kids in the back seat, if you use your vehicle to work, or if you live in a climate where rain, mud, or snow can be a nuisance to clean up. Yes, WeatherTech's floor mat is expensive but its price is worth The WeatherTech's unique advantage. The company's mat delivers the most advanced floor protection available on the market today: Floor mats are available with custom mats for more than 1,000 vehicles. WeatherTech offers the largest selection of floor mats and liners for the highest number of models. The innovative patent material of the floor mat is utilised and resistant to UV. It will ensure its flexibility even below the most extreme temperatures. Moreover, it can be recycled 100%. While competing floor mats in this price category have similar features, WeatherTech's floor mat gantocity and design details make it a better option. That's a good question. After all, if you're going to stimulate on a set of WeatherTech floor mats, you want to make sure you'll get the best deal. A highly sought after upgrading, makes sense modern guide not to wait for sales when it comes to WeatherTech Floor Mats. However, we one you protected when it comes to getting the biggest bang for your money. If you're looking for a place to buy and sell WeatherTech products cheaply, you've found it. TDot's achievements are Canada's legitimate for WeatherTech. This means we offer a selection of the biggest WeatherTech products in Canada, and no one can beat our prices! While the Read More LOS ANGELES people - Released from the pesky mask he had been wearing in court for two weeks, Kawhi Leonard cut loose. Got steal and dunk, hitting 3-pointers after a 3-pointer. He finished with a season-high 35 points, going over 10,000 in his career, and the Los Angeles Clippers aimed to beat the Chicago Bulls 130-127 on Sunday. It was a stepping stone, but I didn't really care about it. Leonard said of his milestone. Maybe when I retire I'll sit down and see achievements. Now it's about being greedy and wanting more. Leonard reached plateau 10,000 on one of five 3 in the third quarter, when he scored 21 points. His eyes and 3-pointers made were the most in a quarter of his career. He understands how they take care of it and he takes advantage of that, says teammate Paul George. He's He it's hot, so we'll definitely keep looking for him. Leonard's last 3-pointer on the final play gave the Clippers their first lead since they scored the game's first basket. In all, he has seven 3-pointers, tying his career high. We need every bit of it, said Clippers coach Tyrone Lue. Leonard had 12 points in the first half, when the Clippers trailed by seven at the break. He got a steal and dunk for his first eye of the third, then made five straight 3-pointers before closing the inning with a pair of baskets, the last of which tied the game at 87. For the first time in two weeks, Leonard no longer needed the mask on the court he wore trapped around his head to protect the eight stitches in his mouth. He got a hit by teammate Serge Ibaka's elbow in Denver on Christmas. George had 28 points, seven threes and nine assists for the Clippers, who avoided their first three games of the season. Lou Williams added 21 from the bench. Zach LaVine preceded six Bulls in double figures with a season-high 45 points - four off his career high - and he made a season-best 10 3-pointers. Garrett added 18 points and Patrick Williams had 17. Cobey White has a high career of 13 assists. Chicago fell for the third time in a row for the first time since starting the season 0-3. We were disappointed we kept letting him (LaVine) get the look that he liked, George said, but in the end we were happy and excited that Kawhi had left. The Bulls shot 61% from the floor and 55% from 3-eye. We tried everything: trapped, zoned, switched, went under, Lue said. They have one of those days where they shoot the ball well. The Clippers chased the Bulls through the first three quarters, falling behind by 13. Lou Williams tied the game at 94 heading into the fourth. Los Angeles outplayed to six in fourth place before Temple's three-point play put the Bulls ahead 119-118. Nicolas Batum hit three pointers in front of the Clippers bench with Thaddeus Young in his face, got fouled and made a free throw, going 8-10 up, that ran game Los Angeles a 126-119 lead. LaVine's not done yet. He had a three-point play and a 3-pointer over Marcus Morris Sr. to pull the Bulls to 126-125. White got called for his fourth foul, putting George on the line. He made both to take a 128-125 lead. LaVine broadcasts three pointers from the top of the key with six moments to go. He got a call for a fourth foul and George made both free throws for a 130-125 lead. A passing basket closes the bases for Chicago. TIP-IN:Shutouts: Starting F Otto Porter Jr. missed the game with a lower back issue. ... Starting F Lauri Markkanen and G Ryan Arcidiacono have been able to while remaining in health and safety protocols in Chicago. Coach Billy Donovan said they continue to test negatives and he hopes they can rejoin the team this week. ... F Chandler Hutchison did better. Tomas Satoransky, who is self-isolating since the game in D.C., is also expected to rejoin the team. ... The team has put players limited on video calls before the game so they can feel as though they are part of the locker room. Clippers: They made at least 20 3-pointers for the fifth time in franchise history. ... Batum played in his 800th career regular-season game. UP NEXT:Bulls: Host Boston on Tuesday.Clippers: Hosts of the New Orleans on Wednesday. ... More AP NBA: and Harris, The Associated PressVANCOUVER, British Columbia, Jan. 10, 2021 (GLOBE NEWSWIRE) -- Limited Mining Monument (TSX-V: MMY and FSE: D7Q1) (Monument or Company) is pleased to announce that it has signed a Purchase Agreement and Final Sale (Conclusive Agreement) dated 8 January 2021 with Fortress Minerals Limited (Fortress) to sell a Fortress stake of 100% in its Malaysian subsidiary, Monument Mengapur Sdn Bhd (MMSB), which owns a 100% stake in the Copper and Iron Ore Project (Project Mengapurbat), Cathy Zhai, President and CEO of the Company stated after signing the Final Agreement. I am honoured to announce the signing of the Final Agreement for the Compromise Project. This is part of our corporate restructuring that will shy up basic metal projects and allow us to focus on the development of our gold portfolio in Malaysia and Western Australia. Forts are incorporated in Singapore and listed on the Singapore Exchange (SGX-ST) with its core businesses in exploration, mining and production. Its main iron ore operations are carried out in the state of Terengganu, Malaysia, as one of the top iron ore operations in the country. Under the terms of the Ultimate Fortress Agreement shall, in consideration of the shares of MMSB, pay the Company US\$30,000,000 in cash and give a royalty monument of 1.25% of the gross revenue on all products produced on the Compensating Project (Transaction). According to a letter of meaning signed on 29 July 2020 in relation to the Transaction, Fortress made a deposit of US\$3.75 million (Deposits) to the Monument under the escrow to obtain exclusive efforts in carrying out due diligence on the Project Complaining. Due diligence was completed on 8 December 2020 to Fortress's satisfaction. Upon signing the Agreement, US\$3 million from the Deposit will be released to the Monument from escrow. In addition, Fortress will pay the US\$5.25 million Monument held under the escrow immediately, taking the total remaining escrow to US\$6 million (Further Payment), which will be released to the Monument for a final payment of US\$21 million together during the closure. Further Payment can be issued to the Monument before closure if ask for an earlier start of civil work at the Mixing site. Further deposits and Payments are only refundable subject to certain conditions in accordance with the final terms and conditions The transaction is subject to the approval of Fortress shareholders, SGX-ST approval, and other conditions specified in the Final Agreement. The closing date is expected to be three months from the date of the final agreement. The revenue received is subject to the seller's fee in the amount of US\$600,000. Net revenue from the Transaction will be used for the development of corporate and gold projects. About Mining Monument Monument Limited (TSX-V: MMY, FSE: D7Q1) is a steady Canadian gold producer operating a 100% Selising Gold Mine owned in Malaysia. Its experienced management team is committed to growth and advances a number of exploration and development projects including the Nursing Copper and Iron Project, in Pahang Malaysia, and the Murchison Gold Project comprising Burnakura, Gabanintha and Tuckanarra in the Murchison area of Western Australia. The company employs about 200 people in both territories and is committed to the highest standards of environmental management, social responsibility, and health and safety to its neighboring staff and communities. Stop wasting money on the commission: Switch to Plus500 commission-free trade! NEW ORLEANS - Drew Brees will be able to celebrate his 42nd birthday by preparing for a playoff game that will also feature an active NFL quarter-final older than him. Breed completes 28 of 39 passes for 265 meters, in relation to Michael Thomas and Latavius Murray for a touchdown, and the New Orleans Saints beat the Chicago Bears 21-9 in an NFC Sunday wild-card game.Alvin Kamara rushed for 99 yards and added a 3-yard touchdown run in the fourth quarter after sitting in the regular season finale and not practicing last week for the protocol Victories for the Saints (13-4) and Brees, That turns 42 on Friday, setting up a round meeting of divisions next weekend in the Superdome with Tampa Bay and QB Tom Brady.The Bears (8-9) put forward a defensively fragile performance that prevents the Saints from building more than one touchdown up Murray's 6-yard catch and score run : Safety Eddie Jackson, lined up for a clear blitz, jumped offside in the fourth-and-3 from the 13-yard Bear Line. Two plays later, Brees scattered to his right when he saw Murray skipping for the ball. Brees got it there with a short touchdown pass over linebacker that smashed Khalil Mack, and Murray shranked straight to the goal line, diving through the convergers who gathered to get to the end zone. Brees' first touchdown pass came in the opening quarter on an 11-yard throw to Thomas, returning from a three-game absence to help heal a staggering ankle injury. Thomas, the 2019 Offensive Player of the Year, missed nine games this season and has not caught a touchdown pass since Dec 22, 2019, at Tennessee.The Bears' Tashaun Gipson set up Chicago's first points and may have prevented the Saints score at the same game. He got his hands on the ball as Tayson Hill tried to throw away with the receiver breaking into clear. The ball flying forward just a few yards and defensive lineman John Jenkins caught it, setting up Cairo Santos' 36-yard field goal to make it 7-3.But Chicago's offense struggled most of the game against a defense that ranked fourth in the NFL. Quarterback Mitch Trubisky completed 19 of 29 passes for 199 yards and one TD pass didn't consequential to end Jimmy Graham as time expired. The bear was held until 48 yards rushing. EJECTEDBears starting receiver Anthony Miller was dismissed for leaving defenseman Saints back C.J. Gardner-Johnson after failing to play on the third ladder early in the early half of the second half. Gardner-Johnson was also flagged for unsportsmanlike behaviour but not That marked the second time this season a Bears player was thrown in for a stunt taken against Gardner-Johnson after the whistle. During the regular-season meeting, receiver Jayon Wims was dismissed and suspended two games for a punching punch Reserve safety DeAndre Houston-Carson is being evaluated for concussion in the second quarter. ... Back defenseman Sherrick McManus left with a hamstring injury in the first half. Saints: Cornerback Patrick Robinson and running back Latavius Murray were each checked for a thigh injury in the second half. UP NEXT:Bears: Go beyond the season with uncertainty surrounding the future of general manager Ryan Pace and head coach Matt Nagy. The Bears have reached the playoffs twice since Pace took over in 2015, both times under Nagy, hired in 2018. Chicago lost the playoff opener both times. Saints: Host Brady and the Tampa Bay Buccaneers in the playoffs' division round, the third encounter of the season between rivals NFC South and QBs over their 40 stars. The Saints won every regular season match with double digits. ... Experts say that China will prosper in 2021. What will change? After staying quiet since last week's violent offensive, President Donald Trump signed a declaration on Sunday to pay tribute to two U.S. Capitol police officials -- one of whom died at the hands of his incited mob. Lakers forward Markieff Morris was ejected from the game against the Rockets after shooting two Rockets, including Cousin DeMarcus, to pull off a pair of technical fouls. Playing robots doesn't mean feat. That was the experience of English-French actress Stacy Martin on the set of a new thriller sci-fi archive, written and directed by Gavin Rothery - and she confiscated her having moments where I was definitely quite moody. The story is set in 2038, and follows George Almoro (Theo James) as he works to make an AI a real human equivalent. His latest prototype is almost and are at the most risky level. However, he has a second motive, which needs to be hidden at all costs: reunited with wife. Ad+AMDThank you for your feedback. We will eliminate this and make the necessary changes. Run your critical business application optimally with HPE ProLiant DX powered by AMD EPYC processors. Asking for the EPYC.A.S. petroleum inventory to end last year approached normal levels, as excess crude stock and products accumulated during the Saudi-Russian volume war and coronavirus lockdowns were successfully inducted. Total crude stocks and products, excluding oil stored in strategic petroleum reserves, ended the year 6% above the seasonal average for the previous five years, down from a 14% surplus in early July. Surveillances of petroleum inventories were still in the 74th indiscriminatory for all week since the beginning of 1995, on the high side, but were down from a surrender at the 92nd percentage in the middle of the year. [54] HP relinquished the discovery PC experience to create, collaborate, and connect wherever you were powerful AI progress, selfie display lighting, and design innovation developed for today's hybrid world of PALO ALTO, Calif., Jan 10, 2021 (GLOBE NEWSWIRE) -- PC has never been more important, so this year at CES 2021, HP Inc. launched an important computing innovation for how and where people are experiencing work and life. HP today launched new devices and solutions designed to dominate hybrid work environments and growing personal creative studios. With half of the global workforce still working remotely as a result of the COVID-19.6 pandemic new use cases for PCs appear for consumers and workers living at home. Since COVID, there has been a seven-hour increase per week in time spent on private PCs.7 In some cases, This has resulted in increased creativity every day - with photography, writing stories or articles, and streaming directly into the top three activities among users.8 But working and living at home is not always easy, with only 30% of people having space where they can close the door.9 Yet 72% of knowledge workers want hybrid remote-office models forward and 48% of Gen Z is considering business expansion their free future.11 requires solutions with enhanced collaboration and micro-mobility characteristics. Although PCs are more important than ever, what matters most is people. Our innovation engine continues to be targeted in deep customer insights that help keep people connected, engaged, contribute in this new world, says Alex Cho, president, Personal Systems, HP Inc. We are looking beyond the devices people use for what will improve their experiences - from software that provides lighting controls for video calls, peripherals that allow a more customizable experience that allows for a more important. HP meets these requirements with the new HP Dragonfly G2 and HP Dragonfly Max in collaboration with the next level. HP Elite Dragonfly G2 gives people the freedom to move around home or office as the world's lightest compact business is convertible12 with a starting weight of less than 1 kg.13 It is also part of the world's most sustainable PC portfolio with interesting finishes and appliances that combine recycled materials, including sea-bound plastic.15 This device offers incredible power through Gen Intel® 11th Core™ processor and new Intel® integrated graphics and allows users to stay connected through impressive 4G gigabit-class LTE connections.18 with Tiles™ are now built inside the attractive Dragonfly Blue Casis is a 2-in-1 exchange with an easy-to-clean design. New and improved features include clear sound with Audio by Bang & Olufsen, now AI-enabled to maximize audio experiences for speech, music, and movies. New HP disruption detection technology, HP Tamper Lock, locking up the PC if it has been physically opened or compromised and told consumers.20The HP Elite Dragonfly G2 unexpectedly to deliver the world's most advanced collaboration in a convertible business.21 Available in C Elite Dragonfly Max providing a clear, crispy, and comfortable collaboration experience with enhanced features : four diverse microphones with AI-driven audio optimization, 5 MP + IR cameras for high-quality video chat, and HP Eye Ease display with blue light technology with Eyesafe certification® to work, browse, or chat without burdensome eyes. Elite HP's Elite Wireless Earbuds is the world's most advanced earbuds for collaboration.23 with personal audio tuning, adjustable sound cancellation, and preset sound conditions. All-day streams with seamless earbuds shift from conference calls on PCs to listen to music on phones via the convenient Windows® 10, iOS or Android apps. Elite Wireless Earbuds will be offered as a package option with Elite Dragonfly Max or available separately for purchase. Ultimate Liquid for Unlimited Mobility and ProductivityThe HP Elite Folio amp unlimited productivity with Qualcomm® Snapdragon™ 8cx Gen 2 5G calculation platform delivers various gigabit connection speed one with optional 5G connection.24 Wi-Fi 6E and up to 24.5 hours of local video playback.26 Featuring pull-forward shape factors with unibody design Flexible, magnesium, Elite Folio combines what people like about their phones, tablets, and PCs all into one device. Wake up and move without missing a beat with webcam viewing fields, double microphone frames, and high-definition speakers with Audio by Bang & Olufsen. The 13.5-inch bezel display has the HP Sure View Optical privacy panel, 27 and HD webcams with built-in privacy turners for enhanced security. From work to home, Elite Folio can adapt to any environment with fanless design and quiet keyboard. The device also includes HP Elite Slim Active Pen which is always ready with integrated charging and storage swings for quick access. Light, Elegant, and Powerful!The HP EliteBook 840 G8 Aero give people the freedom to move and meet their multi-tasking demands, multi-place working days. With a starting weight below 2.5 lbs.,29 this powerhouse is equipped with the 11th Gen Intel® processor,™ processor, Integrated Tiles™ capabilities.30 Wi-Fi 6E, 32 and LTE 5G connection options.33 People can collaborate even in addition to integrated HD 720p cameras, three microphones facing the world, top shooting speakers, and AI-based audio. Some of the most secure and controlled PCs in the world.34 These devices organize various HP security features to ensure the security of sensitive data, including HP Privacy Camera and the choice of HP Sure View Reflect to protect against visual hacking.35 Design has a new magnesium csation containing 90% recycled material, recycled plastic, and 100% secure connected packaging to reduce the environmental impact.36Additional new devices from HP include : * HP EliteBook x360 1030 G8 and HP EliteBook x360 1040 G8 changes to an optional work style with a powerful processor, strong security, optional 5G connection options.38 * HP Elite x2 G8 combines modern PC performance with genuine tablet mobility for professionals who want freedom to work anywhere without compromising on privacy Smart Support Vision-Driven Services provides quick resolution to IT-related issues to keep employees up and running.39 Built on HP's focus on insight-driven innovation, the new solution puts the power of insights and AI into its customers' hands through cloud-based telemetry. Smart Support securely provides HP Smart Support Agents with device health insights and configuration data for them to check, diagnose, and resolve device-related problems quickly to ensure short support calls give employees time back to do the job. This new option can be downloaded on the selected HP commercial device. HP Business Boost offers unique support for SMEs to help manage remote employees to be productive from wherever they work with simple solutions for PCs and out-of-the-box printers.40Unleash CreativityThe HP ENVY 14 is a creative studio transfer, giving people the freedom to create and stay connected from anywhere. Exposure to IPS 16:10 WUXGA (1920 x 1200) various touches allows 11% greater IPS exposure than the traditional 16:9 usury computer.41 This is also HP's first 14-inch-box printer.42a computer featuring color specifiers with Delta < and > Color accuracy continues to feed the box.42 Easily access and adjusts the display settings depending on the creative scenario with HP.43ABase Display Control on a person's workflow, customize the 11th Intel® Gen Intel™ processor44 and up to NVIDIA® GeForce® GTX 1650 graphic design Ti Max-Q45 through four different settings in HP System Control. Stay cool while creative flow is warming up with advanced thermal solutions using THERMOEL IR sensors in HP Performance Control. Allocate power between CPU and GPU to differentially in creator workflow with HP Dynamic Power. Achieve all this while experiencing up to 16.5 hours of battery life to create confident.46The ENVY 14 includes physical addresses for webcams, dumb microphone keys specifically on the keyboard, and AI Noise Removal features to cleverly mute background noise when using speakers, headphones, or microphones during video chat, audio Transfer photos, videos, documents and more, wirelessly between PC and mobile devices with HP QuickDrop.47Designed for ProductivityThe HP M-Series FHD Monitor is designed for home workers and creative that needs to be productive, with a thin design for modern looks and flavors. Eyes remain comfortable when working with light technology constantly-on, low blue without having a colour accuracy with Eyesafe® certification. The color remains really alive and enthusiastic when looking at content with 99% SRGB for a wider color of gamut.49 The M24f, M27f, and M32f FHD have a three-sided borderless design with Full HD for image clarity and wide viewing angles. Workspaces can stay clean and organized with integrated cable management along the back of the stand to reduce wire clutter. HP E24u G4 monitors and HP E27u G4 USB-C provide clean desk solutions with fast and easy USB-C® connections that can power laptops connected to up to 65W. For home and office workers who need a simple multi-monitor configuration, this display offers daisy chains, multi-port connections, four-way ergonomics, and HP Eye Ease is always blue light protection to help with long hours of productivity. With the display power button, wake up or put to sleep your monitor and laptop, even if the lid is closed. HP 635 Multi-Device Wireless Mouse is a perfect and ultra-small travelling companion - from work to home with a year-long battery life. Connect with up to three different devices with USB® a dongle nano or connect up to two devices using Bluetooth® for an uninterested transition between a PC and a tablet. Simplify workflows with four promissible calm click buttons that can activate predetermined commands such as undo and redo using the inside side buttons in up to 10 applications, including: Adobe® Illustrator, Adobe® Photoshop, Excel, Microsoft Word, Microsoft PowerPoint, AutoCAD, SolidWorks, Sketch Up, Chrome, and Zoom.The HP Renew Travel 15.6-inch backpack and laptop bag are sustainably made with fiber material obtained by recycled plastic This light bag moves comfortably with adjustable straps and various pockets on and off the bag to help the organization. Matching pockets and anti-theft elastic zipper bands ensure adequate protection until a 15.6-inch bag laptop. Prices and Availability55 * HP Elite Dragonfly G2 is expected to be available in January.
